

CONT.45 (Table-Fusing machine)

Mini fusing press machine, suitable for little laboratories and for low production.
Easy maintenance and low electrical consumption.
220Volt Monophase. 3 Kw/h max consumption.

Double detaching PTFE
Antistatic Blades

Special long lasting
PTFE Antistatic SEAMLESS
belts with Kevlar Tracking
cord

Heating System

CONT 45 has a 50 cm heating area length, continuous top and bottom heating ensure a perfect temperature uniformity in all the heating length.

The heating Element

Anodized Aluminium molded extrusion

The heating System

Aluminium heating insert in an aluminium molded extrusion 5 mm tick.

Standard control functions:

- Set/Actual temperature
- On/Off button
- Belt speed in mt/min and seconds
- Auto self Cooling button

Pressure System

HARD

Waistband Fusing Device

This system allow you to fuse trousers waistbands and also other roll to roll parts.
This system include also collecting device.

C40 inner core body with vulcanized silicon covers.

1 Vulcanized Silicon Pressure roller
1 Hard Stel body roller.
Applicable on shirt industry
and hard interlinings
